The Hamptons has a new yacht and luxury boat company — Yacht Hampton splashes on to the Hamptons scene this summer.

As of May 1, Yacht Hampton now offers boating enthusiasts the opportunity to charter a multi-million dollar collection of boats and yachts for excursions in the waters of the Hamptons. In addition, Yacht Hampton will launch an exclusive VIP boating club for the 2021 season.

The Yacht Hampton Boating Club aims to redefine the way East Enders will boat this summer. This includes access to a fleet of new and luxurious boats and yachts — five of the vessels are 2021 models hitting the water for their maiden voyage this May — on the most sought-after holiday weekends. Members may experience the luxury boating and yachting lifestyle safely without the hassle and prohibitive costs that come with ownership, including dockage, maintenance, insurance, and winter storage.

Yacht Hampton owner and entrepreneur Joseph Ialacci turned his boating passion into a business. Formerly a business and financial consultant, Ialacci began his boat rental service with just one boat in his fleet, which quickly drew attention from other boat owners asking to be added to his fleet for chartering.

His multi-million dollar fleet now totals 30 vessels including powerboats, sailboats and catamarans, fishing boats, yachts and ski and watersports boats. The company's entire fleet of 30+ boats and yachts can be viewed at yachthampton.com.

"I am excited to introduce Yacht Hampton to the Hamptons boating community. The 2021 summer season is shaping up to be our busiest by far, as being out on the water is one of the safest and Covid-friendly places to enjoy the summer!" said Ialacci. "Anniversaries, corporate outings and birthdays are just some of the occasions our clients are celebrating on the water. And most recently, graduation parties are gaining popularity as a new way to honor graduates who have missed so much in the past year."

Yacht Hampton's chartered boat rentals are also available for any occasion including sunset cruises, corporate events, anniversaries, birthday celebrations, bachelorette parties, weddings, or any other special occasion.

All charters include a USCG licensed captain and each excursion is unique, featuring hidden locations in the waters of the Hamptons. A wide and impressive collection of futuristic luxury water toys are also available including jet skis, hydrofoil hoverboards, electric surfboards, paddle boards, floating islands, tubes, and more. Excursions may be booked online with updated availability of the entire fleet throughout the season at your fingertips.

Yacht Hampton's Boating Club offers a convenient way to plan an unforgettable summer filled with waterskiing, romantic sunset cruises, and even a trip aboard the 62' James Bond-esque Italian stealthy grey yacht. The VIP boating club features priority access to the entire fleet and highly sought after trip dates.

Unlike most boat clubs, there are no dues or fees for membership and all trips are captained by a USCG Certified Captain. Once members purchase their five discounted trips they receive a complimentary VIP sunset cruise aboard their favorite boat and enjoy a 10 percent discount on all trips booked. Yacht Hampton Boating Club offers three member packages along with the fun option to customize trips based on the fleet ranging from a 22' ski boat to a 62' Yacht. View each package [here](#).
